Global Campus Artificial Intelligence Algorithm Elite Competition Organizing Committee

Notice on the Extension of the Registration and Submission Deadline for the 8th Global Campus Artificial Intelligence Algorithm Elite Competition International Division (Algorithm Innovation Competition)

To All Overseas Universities and Colleges:

To allow participating teams additional time to refine their projects and prepare the required materials, the organizing committee has decided to extend the registration and project submission deadline for the 8th Global Campus Artificial Intelligence Algorithm Elite Competition International Division (Algorithm Innovation Competition). The updated arrangements are as follows:

I. Extended Deadline

The original deadline of 18:00, November 15, 2026 (Beijing Time) is hereby extended to 18:00, December 10, 2026 (Beijing Time). All participating teams must complete registration and submit their competition materials by the extended deadline. Submissions received after the deadline will, in principle, not be accepted.

II. Submission Method and Required Materials

Participating teams should prepare their materials in accordance with the original notice and its attachments. The required materials include: (1) the application form (in English, Word format); (2) the work proposal (in English, PDF format); (3) a certificate of student status for the international student team member(s), to be submitted by the team leader (PDF format); and (4) video files, if available (optional, no more than 50 MB).

Please submit all materials to the dedicated competition email address: AIC_Int_Div@163.com. The email subject line should follow this format: "Title of the Work + University Name".

III. Other Arrangements

Except for the extension of the registration and submission deadline, all other arrangements, including competition tracks, eligibility requirements, evaluation procedures, and award settings, remain unchanged and shall be subject to the original notice and its attachments. Participating teams are kindly requested to inform all relevant team members and make arrangements for timely submission.

AIC Organizing Committee
